

DOWN IN A WRECK.

Temporary Superstructure of a Bridge Over Harlem River, New York, Collapses.

TOO MUCH WEIGHT ON THE CRANE.

Four Men Were Killed Outright and Six Injured, One of Whom Can Not Live.

Twenty-Five or Thirty Men Were on the Structure at the Time of the Collapse.—Many of Them Were Carried Down in Wreck.

New York, April 12.—The temporary superstructure of the big Willis Avenue bridge now being built over the Harlem river collapsed Tuesday afternoon, killing four men and seriously injuring six, one of whom may die. Twelve or more other workmen also received injuries of a more or less serious nature.

The accident occurred at 2:30 o'clock and was caused by too great a weight being put on the traveling derrick that crossed the superstructure.

The superstructure connected the north shore fastening wall with a pier made of a flimsy affair stretching 300 feet across the deep water, built in three sections, one above another to a height of about 50 feet. Over this a massive traveling crane or carrier was operated. Twenty-five to 30 men were employed on the structure when the collapse occurred. A heavy load of steel beams was being sent on the crane when the timbers gave way and the entire structure was dashed to pieces.

As the supporting timbers began to give, the heavily laden crane ran rapidly forward for a short distance and toppled into the river. As it went down, the upright crashed into the working men, striking the Belgian and Beale, killing them instantly and terribly mangling their bodies.

Many of the men were carried down in the wreck.

AS MINISTER TO SPAIN.

Bellamy Storer Has Been Selected for the Post—His Selection Comes as a "Plastering" Promotion.

Washington, April 12.—The appointment of Bellamy Storer as minister to Spain has been determined upon by the president.

Mr. Storer's selection for the Madrid mission is a distinct promotion in the diplomatic line. The difference in compensation is not considerable, but the new minister to Madrid will have very important duties to perform, including the early negotiation of a general treaty of trade and comity.

It is assumed here that the Due d'Arcos, late Spanish minister to Mexico, will be named as minister to Wash-

ington, and the officials sincerely hope that this will do a very favorable opinion of him being held here.

Bellamy Storer is 52 years of age, having been born in Cincinnati in 1847. He was graduated from Harvard in 1867, and two years later from the law school of Cincinnati college. He was admitted to the bar in the same year, and until he entered public life as a member of the Fifty-third congress from the First senatorial district, he gave his time to the pursuit of his profession. He was re-elected to the Fifty-third congress and was a member of the foreign affairs committee. During his service in the house of representatives he took an active part in the matters pertaining to foreign relations and was also an ardent supporter of civil service reform. He is a man of large private means.

Mrs. Guildford Pleads Guilty to Manslaughter.

BRIDGEPORT, Ct., April 12.—At 2:30 Tuesday afternoon Dr. Nancy A. Guildford, who has been on trial on a charge alleging murder in the second degree, and whose trial was postponed on account of the illness of Juror Gregory, pleaded guilty to manslaughter. Judge Wheeler sentenced Mrs. Guildford to pay \$1 fine and ten years' imprisonment.

Every Saloon in Lincoln, Neb., Closed.

LINCOLN, Neb., April 12.—Every saloon in Lincoln was closed Tuesday by a remonstrance filed with the excise board by A. G. Wolfenbarger, an attorney, against the 43 applicants for license for the new municipal year. It is uncertain when the saloons will be permitted to open.

FURIOUS ATTACK.

PRINCIPAL GUEST.

Filipinos Made a Desperate Onslaught on Gen. MacArthur's Railway Line.

OUR LOSS 3 KILLED AND 20 WOUNDED.

The Rebels Were Repulsed by the Command of Gen. Wheaton and Suffered a Heavy Loss.

Gen. Lawton is Pushing the Enemy into the Mountains Beyond the City—His Success at Santa Cruz Was Overwhelming.

WASHINGTON, April 12.—The war department has received a dispatch from Gen. Otis announcing the success of Gen. Lawton in pushing the rebels into the mountains beyond the city. Gen. Otis is pushing the rebels into the mountains beyond the city. Gen. Otis also informs the war department that the insurgents made an attack upon Gen. Wheaton's brigade, and that they were repulsed with heavy losses.

WASHINGTON, April 12.—The following dispatch has been received from Gen. Otis:

Manila, April 11.—Adjutant General, Washington: Insurgents attacked MacArthur's line of railway communication last night in considerable force, repelled by Wheaton, with heavy loss. Wheaton's casualties 3 killed, 20 wounded.

The attack of the insurgents upon the railway north of Manila indicates to the government that Gen. MacArthur was pushing the north bodies of insurgents took to the mountains and jungles to the right of the railway, and have been watching an opportunity to capture the road at some point and thus cut off the main body of the army to the northward. The repulse of the natives shows that they had not sufficient force to accomplish their purpose.

MANILA, April 12.—At about midnight the rebels sent the telegraph line at several places between here and Malolos and signal lights were fired and rockets sent up along the foothills to the right of the railroad. Later the enemy attacked the outposts of the Minnesota regiment between Biñas and Boacive, five miles south of Malolos, killing two men and wounding 14.

The seemingly impetuous outposts of the Oregon regiment at Mariano, the next station on the way to Manila, were attacked with the result that three Americans were killed and two wounded. The loss of the enemy was two killed and six wounded. The Americans also captured two prisoners. Troops were concentrated along the railroads as quickly as possible and the rebels were driven back to the railroads.

The rebels under command of the general who had been repaired immediately and the repair was damaged but it was repaired immediately, and traffic was soon restored to Malolos.

MANILA, April 12.—It is supposed that many of the rebels who attacked Gen. MacArthur's line of communication and who were repulsed by the troops commanded by Gen. Wheaton were members of the same band which the rebels were repulsed by the troops commanded by Gen. Lawton in the city of Manila. They seemingly scattered arms in several places and fired on the Americans from the bushes at so close a range that they could be heard talking. One of the Filipinos yelled in English: "We will give you — Americans enough of this before we are through."

The H. M. Stanley will pass down to-night from Pomeroy and tomorrow night sail to Charleroi.

The independent packet Ararat will pass up tonight for Kanawha river and way points. She is bound for Liverpool.

The Bonanza, which has been running in the Cincinnati and Louisville trade, will pass up tonight in her old trade for Pomeroy.

The Hudson, the old reliable Pittsburgh and Cincinnati packet, will be bound up to the White and Ohio river line for several trips from Cincinnati to Meigs, and so on to the back water for the excursion season to open.

The speedily Captain Hinsdale's steamship, is about ready to make her first run between Pomeroy and Portsmouth. Captain Hinsdale is a son of Captain Wash Hinsdale, who was one of the steam shipmen that ever lived.

White Oak is the name Captain Robert M. Taylor of Huntington has given to his new steamer, which will be completed today. She is a small passenger steamer, has an engine new and strong, and the boiler and machinery of the old H. H. Miller.

The chances are in favor of saving the steamer John K. Speed, though she is in the most dangerous place she could possibly be. The freight has been removed from her, and work is being made to patch her hull, after which an attempt will be made to raise her. She is badly damaged.

The little steamer Emerald, which the Chase Barnes, of Cincinnati, had built for the use of the Government Engineers on Green river, was successfully launched at Cincinnati Monday. She was hauled to the river on two large flat-tops drawn by teams, and when into the river she was more than a mile from shore. A few extra rooms also for rent. Apply R. B. Lovel.

Mr. W. H. Kirby, United States Engineer in charge of the improvement of the Ohio river, will open his office in the Custom House at Cincinnati at 2 p.m. today for the building of 160 feet of Champlain dam and three spans of 100 feet each, to be used as a fish trap and one of A-trap dams at least 60 feet off the Ohio river series. The work will complete the dam and look at Merrill, and thus complete the series of the series of Ohio river dams and locks.

These horrid sets of depression, melancholy, loss spirits, and sudden irritability, that sometimes afflict even good tempered people, is due to the blood being permeated with black bile. They will purify the blood, restore health and cheerfulness. Price 50 cents. J. J. Wood & Son.

CLARENCE MATCHEW, P. M.

There is more Calvari in this section of the country than all other diseases put together,

and until the last few years was supposed to be incurable. The great number of deaths attributed to it have disease, as previously known remedies, and my constantly failing to cure with local treatment pronounced it incurable. But the Calvari Cure is a constitutional disease, and therefore requires constitutional treatment. Holt's Caster Cure, manufactured by J. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is a simple, safe, non-stimulating treatment to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for case it fails to cure. Send for circulars and testimonials. Address,

F. J. CHENEY & CO., Toledo, O.

Sold by druggists, 75 cents.

The military authorities at Havana have
decided to keep the Cuban rebels in the
country under their surveillance. The
Cubans are to be supplied as far as
possible, but they will be charged against the
customers of the provinces in which they
are distributed.
